

## 1: IDENTIFICATION OF THE MIXTURE AND OF THE COMPANY

### 1.1. Product identifiers

Product name : **Project One<sup>+</sup>**  
Brand : Phytorgan sa

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Use : Elicitor

### 1.3. Details of the supplier of the safety data sheet

Company : Phytorgan sa  
Address : Perivoias 6 & Chrisappou str, N.Kifisia 14564 Greece  
Telephone : +30 2106252600  
email : [info@phytorgan.gr](mailto:info@phytorgan.gr)

### 1.4. Emergency telephone number

**Emergency telephone number** : +302106252600

## 2: HAZARDS IDENTIFICATION

### 2.1. Classification of the substance or mixture

The product is not classified as hazardous according to Reg.1272/2008/EC (CLP Regulation) & Reg. 1907/2006/EC (REACH Regulation).

### 2.2. Label elements

Labelling according regulation  
1272/2008/EC (CLP Regulation) : --  
Pictogram : --  
Signal word : --  
Hazard statement : --  
Precautionary statement : P102 Keep out of reach of children

### 2.3. Other hazards

None

## 3: COMPOSITION/INFORMATION ON INGREDIENTS

### 3.1. Substances

--

### 3.2. Mixtures

Einecs/Elincs number	CAS number	IUPAC name	Trade name	Labelling according Regulation (EC) No 1272/2008 [CLP]
-	-	-	-	-

## 4: FIRST AID MEASURES

### 4.1. Description of first aid measures

In case of eye contact	Rinse thoroughly with plenty of water for at least 15 minutes and if there is an irritation, a medical care is recommended
In case of skin contact	Wash off with soap and plenty of water
If inhaled	If a person remains in an area contaminated with vapors or fumes of the preparation (in case of fire), move person into fresh air. If not breathing, give artificial respiration. Consult a physician.
If swallowed	Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician. Never give anything by mouth to an unconscious person

### 4.2. Most important symptoms and effects, both acute and delayed

No data available

### 4.3. Indication of any immediate medical attention and special treatment needed

No data available

## 5: FIREFIGHTING MEASURES

### 5.1. Extinguishing media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

### 5.2. Special hazards arising from the substance or mixture

The product is not explosive or flammable. At high temperatures during a fire, may form oxides of carbon and nitrogen. Exposure to smoke in these gases can cause significant health problems.

### 5.3. Advice for firefighters

The product is not explosive or flammable. At high temperatures during a fire, may form oxides of carbon and nitrogen. Exposure to smoke in these gases can cause significant health problems.

## 6: ACCIDENTAL RELEASE MEASURES

### 6.1. Personal precautions, protective equipment and emergency procedures

The preparation is not flammable. However, at high temperatures (e.g. in case of fire) hazardous vapors formed as described in Section 5. For this reason, it is recommended to take personal precautions such as fire detection systems in warehouses, self-contained breathing apparatus for personal protection from the gases of combustion, marking points of water supply for the possibility of eye and / or skin wash.

### 6.2. Environmental precautions

This product is not hazardous to the environment and release shall not constitute a hazard to, plants, animals and humans.

### 6.3. Methods and material for containment and cleaning up

There is no need to provide appropriate advice on how to contain a spill, or to clean up. In case of the product spill on plants undiluted, a dilution with water is recommended.

### 6.4. Reference to other sections

For disposal see section 13.

## 7: HANDLING AND STORAGE

### 7.1. Precautions for safe handling

Avoid contact with skin and eyes. Avoid inhalation of vapor or mist.

Do not eat, drink and smoke in work areas. Wash hands after use. Remove protective equipment and working clothing before entering in eating areas.

### 7.2. Conditions for safe storage, including any incompatibilities

Store the product in cool place. Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

### 7.3. Specific end use(s)

The product is compatible with most known plant-protection products and foliar fertilizers. It is recommended to perform a test before mixing.

## 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

### 8.1. Control parameters

Avoid contact with skin, eyes and clothing. Wash hands before breaks and immediately after handling the product.

### 8.2. Exposure controls

Eye/face protection	Tightly fitting safety goggles. Face shield (8-inch minimum). Use equipment for eye protection tested and approved under appropriate standards such as EN 166 (Code 3: against drops and splashes of liquids)
Skin protection	Handle with latex gloves
Body protection	Complete suit protecting against chemicals.
Respiratory protection	The product does not contain hazardous chemicals on health and safety. The product does not form dust during use. Respiratory personal protection equipment should be used in case of fumes from a fire. The equipment must meet the requirements of EN 149 and the filter requirements of EN 143
If swallowed	Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician. Never give anything by mouth to an unconscious person.

## 9: PHYSICAL AND CHEMICAL PROPERTIES

### 9.1. Information on basic physical and chemical properties

Appearance Form	: liquid
Colour:	: Pale yellow
Odour:	: Characteristic odor
Odour Threshold:	: no data available
pH	: 4±0,5
Melting point / freezing point	: no data available
Initial boiling point and boiling range	: 100 °C
Flash point	: not applicable
Evaporation rate	: no data available
Flammability	: not flammable
Upper/lower flammability or explosive limits	: no data available

Vapour pressure	: no data available
Vapour density	: no data available
Relative density	: 1,045 g/cm <sup>3</sup> at 25 °C
Water solubility	: 100% soluble
Partition coefficient: n-octanol/water	: no data available
Autoignition temperature	: no data available
Decomposition temperature	: no data available
Viscosity	: no data available
Explosive properties	: no data available
Oxidizing properties	: no data available

## 9.2. Other information

No data available

## 10: STABILITY AND REACTIVITY

### 10.1. Reactivity

No data available

### 10.2. Chemical stability

No data available

### 10.3. Possibility of hazardous reactions

No data available

### 10.4. Conditions to avoid

Stores at high temperatures

### 10.5. Incompatible materials

Strong bases

### 10.6. Hazardous decomposition products

No hazardous decomposition products

## 11: TOXICOLOGICAL INFORMATION

Acute toxicity	: No data available
Irritation	: No data available
Corrosivity	: No data available
Sensitisation	: No data available
Repeated dose toxicity	: No data available
Carcinogenicity	: No data available
Mutagenicity	: No data available
Toxicity for reproduction	: No data available

### 11.1. Information on toxicological effects

No data available

## 12: ECOLOGICAL INFORMATION

### 12.1. Toxicity

No data available

### 12.2. Persistence and degradability

The product is degradable

### 12.3. Bioaccumulative potential

The product has not any bioaccumulative potential

### 12.4. Mobility in soil

No data available

### 12.5. Results of PBT and vPvB assessment

No data available

### 12.6. Other adverse effects

The product has not any harmful effects on the environment. It does not destroy the ozone layer and it does not contribute to the creation of smog.

## 13: DISPOSAL CONSIDERATIONS

### 13.1. Waste treatment methods

The waste packaging management should be in compliance with national legislation. The product does not contain any toxic element for the environment.

## 14: TRANSPORT INFORMATION

This product is not classified as hazardous and therefore no special precautions for handling is needed.

### 14.1. UN number

ADR/RID: -    IMDG: -    IATA: -

### 14.2. UN proper shipping name

ADR/RID               : Not dangerous goods

IMDG                   : Not dangerous goods

IATA                    : Not dangerous goods

### 14.3. Transport hazard class (es)

ADR/RID: -    IMDG: -    IATA: -

### 14.4. Packing group

ADR/RID: -    IMDG: -    IATA: -

### 14.5. Environmental hazards

ADR/RID               : No

IMDG                   : No Marine pollutant

IATA                    : No

### 14.6. Special precautions for user

No data available

### 14.7. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code

No data available

## 15: REGULATORY INFORMATION

This safety datasheet complies with the requirements of Regulation (EC) No. 1907/2006.

**15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture**

No data available

**15.2. Chemical safety assessment**

No data available

**16: OTHER INFORMATION****Text of H-code(s) and R-phrases mentioned in Section 3**

P102      Keep out of reach of children.

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions
